

The Benin Government organizes with the technical support of the cabinet (office) Burkinabe "SEMICA", an important national, regional and international meeting dedicated to the efficient boost of mining, oil and quarries sectors. The event under the authority of the Minister of Water and Mining, Mister Samou SEIDOU ADAMBI, is planned to be running from 19 till 21 July 2018, at Cotonou and is under the high leading of his Excellency, the President of the Republic, Mister Patrice TALON.

The Benin basement abounds unmistakably in substantial mining, oil resources and large-scale quarries. It is in order to emphasize this big potential in natural resources of Benin, that this international meeting was envisaged to be held at Cotonou, in the presence of a lot of local, regional and international investors. The latter will so have the golden opportunity to consult personally and to become soaked directly, of the reality of this big Beninese potential regarding resources of the basement.

During this international meeting , conferences, business sessions and other exhibitions will be organized to highly attract investors, and conquer them in order to boost these sectors of activities very important for the economic and social development of our country, Benin.
